

TABLE OF CONTENTS

0.0 EXECUTIVE SUMMARY	1
1.0 INTRODUCTION	3
What is this report about?	3
<i>The series focuses on surety bonds and associated guarantees issued in relation to commercial activities.....</i>	3
Rationale.....	3
<i>Several factors provide rationale for the development of research about this market.....</i>	3
<i>... including a positive performance of insurance-backed surety bonds.....</i>	3
<i>... and the lack of alternative sources that analyse the entire market as opposed to just parts of it.....</i>	3
<i>Finaccord's research is now more granular and comprehensive.....</i>	3
Definitions	4
Surety bonds and related guarantees	4
<i>Surety bonds and related guarantees add up to a quite complex family of financial products.....</i>	4
<i>... including several different types of contract bond.....</i>	4
<i>... and various forms of commercial bond.....</i>	5
<i>... with competing products available from banks and other entities as well as from insurance providers.....</i>	5
Small, medium and large entities.....	5
Abbreviations.....	6
Methodology.....	6
Research program.....	6
Market data analysis.....	7
Finaccord.....	7
2.0 MARKET ANALYSIS.....	9
Introduction.....	9
Market value and segmentation.....	10
Construction sector.....	10
<i>The Spanish construction market grew at a consistently strong rate between 2015 and 2019.....</i>	10
Surety bonds and related guarantees	11
<i>... and the market for surety bonds and related guarantees rose with it, especially in 2018 and 2019.....</i>	11
<i>The share of insurers has comfortably outgrown that of banks and other institutions.....</i>	12
<i>Commercial bonds account for a slightly higher share of the market than contract bonds.....</i>	14
<i>... which is due to the surge in demand for energy supply bonds.....</i>	14
<i>... causing energy and power to be the largest sector, ahead of construction.....</i>	15
<i>Around a half of the insurance-backed market value is due to relatively small enterprises.....</i>	16
<i>... and well over 90% of it is dealt with by underwriters based in Spain itself.....</i>	17
<i>Brokers are quite dominant in the distribution of insurance-backed surety bonds.....</i>	18
<i>... with many intermediaries stepping up their activity in this sector.....</i>	19
Underwriter utilisation by brokers and market shares.....	19
<i>AXA benefits from the most utilisation by brokers, followed by Aserta.....</i>	19
<i>The share of premiums of the market leader is unlikely to exceed 20%.....</i>	21
<i>Aserta has risen to prominence despite having only entered the Spanish market in 2018.....</i>	22
<i>MIC Insurance experienced rapid growth in premiums in 2019.....</i>	22
<i>Abarca is another specialist provider with a significant market share in Spain.....</i>	22
<i>... having taken on the traditional incumbents.....</i>	23
Market forecast.....	23
<i>The strong growth of recent years is unlikely to be repeated up to 2023.....</i>	23
