EXECUTIVE SUMMARY	1
ABOUT FINACCORD	2
Finaccord’s studies on non-life insurance include the following:	3
1.0 INTRODUCTION	4
What is this report about?	4
<i>Europe’s platform economy has seen enormous growth over the past decade</i>	4
<i>The platform economy is a growing opportunity for insurance providers</i>	4
<i>Market data file</i>	5
2.0 MARKET ANALYSIS	6
Overview of the platform economy in Spain	6
<i>Spain’s platform economy represents an insurance opportunity value of over EUR 30 million</i>	6
Overview of the Spanish insurance market	7
<i>Spain’s overall non-life insurance market was worth over EUR 30 billion in 2020</i>	7
Segmentation by opportunity value of platform type	8
<i>Property platforms represent the highest opportunity value</i>	8
<i>... followed by work and retail</i>	9
<i>... though a few large platforms dominate these sectors</i>	9
<i>Property websites Airbnb and Badi represent the two largest platforms by opportunity value</i>	11
<i>Amazon Marketplace dominates the retail sector, while EatWith is the largest food platform by opportunity</i>	12
<i>Airbnb, Badi and Idealista represent the largest opportunity for insurance products</i>	13
Overview of existing affinity schemes within the platform economy	14
<i>Out of the 100 companies researched, 36 of them have at least one existing insurance partnership</i>	14
<i>Airbnb is the platform with the largest opportunity value – but it has an existing partnership</i>	15
<i>Food platforms offer the highest average number of insurance products, at 2.3 per entity</i>	16
<i>Liability insurance is the product most commonly offered through affinity schemes</i>	17
<i>Allianz has created the most affinity schemes in this area</i>	18
<i>The majority of insurance affinity partnerships in Spain are held directly by external underwriters</i>	19
